Birnamwood Hackers Golf Tournament and Italian Dinner

When preparing this flyer, I found out that you don't need to be an accomplished golfer to play with the hackers. (I may need to try this next year!) Anyone is welcome and the hackers want to expand next year so they need you! This year 20 people golfed and approximately 30 people ate the delicious Italian dinner at the pavilion. Rumor has it there were some pretty good jokes during the banquet. Could the hackers be giving Garrison Keillor a run for his money? Sign up next year to find out! (Did I mention Team #5 won the tournament?!?! And fun was had by all so they are all winners!)
